

**These figures are condensed from a very large and very detailed document (approx. 150 pages) that was provided by the town in response to my “Right to Know” request. The figures are 100% accurate as taken from the figures on the document.**

**It should be noted that the Board of Selectmen who approved this “arrangement” with Municipal Resources Incorporated, Meredith, NH (MRI) were, Art Morse, Donna Keeley, Linda Small, & Ed Vien. Larry Konopka was a member of the board as well but was opposed to it.**

**It should be noted that the majority of the people present at public hearings on this matter were opposed to it.**

**It should be further noted that the majority of the services provided by MRI, could have been provided by the Local Government Center (LGC), which we are a PAID member of, for FAR less money and in some cases free of charge.**

**Anyone who doubts these figures is welcome to contact me and I would be more than happy to show you the entire document. Or you can go to the town hall and request to see it for yourself.**

**In my opinion, this whole “fiasco” created by the above mentioned board, was extremely poor judgement on their part and was an insult to the people who actually “work” in the town hall everyday for everyday pay, ALL of whom are BY FAR more qualified than the interim administrator provided by MRI.**
